## **POST STAGE TWO HEARINGS LETTER**

Dear Mr Thomas,

### **Introduction**

1. Following the completion of the Stage Two Hearing Sessions and the submission of requested evidence, we are writing to set out our thoughts at this stage and the way forward for the examination of the Barking and Dagenham Local Plan (C1 and C2) collectively referred to hereafter as the Local Plan.
2. Our comments in this letter are based on all the submitted written evidence and representations, and all that has been heard at both the Stage One and Stage Two Hearing Sessions. However, the examination has not yet concluded, and consultation on main modifications (MMs) has yet to take place. Consequently, these findings are without prejudice to our final conclusions on the Local Plan and the final detailed wording of any MMs.
3. Overall, we are satisfied the Local Plan is likely to be capable of being found legally compliant and sound, subject to MMs. The majority of the necessary MMs were discussed at the hearing sessions and are referenced in the Council's Schedule of Proposed Main Modifications (EX164). However, at the Stage Two Hearings we also requested the Council prepare the following documents and submit them to the examination:
  - Town Centres Note (EX185)
  - Infrastructure Update (EX186)
  - Gypsy and Travellers Post Hearing Note (EX187)
  - Housing, Requirements, Supply and Delivery Update (EX188)
  - Employment Update (EX189)

4. These documents are now available on the examination website and also include a number of proposed MMs in addition to, or as alternatives to those proposed by the Council in EX164.
5. Therefore, taking all this into account, appended to this letter is a broad outline of all the MMs which we consider are necessary to make the Local Plan legally compliant and sound, most of which are based on EX164 and or EX185 - EX189. Most of the MMs are self-explanatory and are just dealt with in the attached appendix. However, some of the more substantive necessary MMs are briefly covered below. Full reasoning and conclusions for all MMs will be set out in the Inspectors' report.

### **National Policy**

6. You will be aware that on 19 December 2023 the Secretary of State for Levelling Up, Housing and Communities and Minister for Intergovernmental Relations made a written statement (WMS) 'The Next Stage in Our Long Term Plan for Housing Update'. On that day the Government also published its revised National Planning Policy Framework (NPPF), and a revised Planning Policy for Traveller Sites (PPTS), Planning Practice Guidance in respect of the Green Belt and the Housing Delivery Test: 2022 measurement. In addition, on 13 December 2023, Baroness Penn, Parliamentary Under Secretary of State for Levelling Up, Housing and Communities issued a statement 'Planning - Local Energy Efficiency Standards Update'.
7. Under the transitional arrangements in paragraph 230 of the revised NPPF, the Local Plan will continue to be examined against the version of the NPPF published on 5 September 2023. We shall have regard to WMSs, revised PPTS and PPG in finalising the MMs. In responding to this letter, the Council may wish to tell us what they think are the implications, if any, of these changes to national planning policy and guidance for the Local Plan. The MMs consultation will provide a formal opportunity for interested persons to comment in this regard about the proposed MMs.

### **Housing Requirements**

8. The housing requirements in the submission Local Plan are not clear. They should reflect the Borough's minimum housing requirement in the London Plan. However, as written they do not, and this is not justified. The Local Plan housing requirements should also make up the shortfall in housing delivered against the London Plan requirement since the start of the Plan period. However, for a number of reasons, and having regard to the relevant PPG<sup>1</sup> we are satisfied a case has been made<sup>2</sup> to justify spreading the shortfall over the full Local Plan period. MMs are therefore necessary to address these matters as broadly detailed in (EX188).

---

<sup>1</sup> Housing Supply and Delivery Paragraph: 031 Reference ID: 68-031-20190722

<sup>2</sup> EX188

## **Employment and the Strategic Industrial Land Boundary**

9. The Local Plan sets a target of delivering 20,000 new jobs over the Local Plan Period. However, the relationship between this target and the evidence base and how this translates into the Council's employment land requirement is unclear. MMs are therefore needed broadly in line with the conclusions of EX189 in the interests of justification and effectiveness.
10. The Council's submission Policies Map Strategic Industrial Land (SIL) boundary includes a small area of land known as the Kingsbridge Estate. Evidence demonstrates this land is in residential use and there is no realistic prospect of that land being available for employment. Consequently, as the geographical illustration of Policies SP5 and DME1 is flawed with regard to SIL, these Policies are unsound. The SIL boundary on the submission Policies Map should therefore be amended broadly in line with the evidence given in EX189. Other consequential MMs will also be necessary to the Local Plan as detailed in EX189 to reflect this change.

## **Gypsy and Traveller Accommodation**

11. Three sites intended to meet the need for gypsy and traveller accommodation are allocated in the submission Local Plan. However, evidence<sup>3</sup> shows two of those sites are not deliverable and therefore MMs are necessary to delete these allocations as they are not effective<sup>4</sup>. The Council has undertaken an extensive site search for alternatives<sup>5</sup> within the Borough and has renewed co-operation with neighbouring Boroughs but has been unable to identify any other deliverable sites. This leaves only one site, Eastbrookend Country Park, as a viable allocation for up to 12 pitches. We return to this site below under the section on the Green Belt.
12. For the reasons given in EX187, the Council's need for gypsy and traveller accommodation in the Borough has also increased since the Local Plan was submitted from 25 to 33 pitches, with 22 pitches needed in the first five years of the Local Plan period. MMs are needed to reflect this in the Local Plan.
13. In response, the Council has proposed MMs which would identify Castle Green as a broad location to provide additional gypsy and traveller accommodation in the latter years of the Local Plan period. Castle Green is a large area of SIL which has been identified for significant regeneration and future master planning. Because the evidence shows no other options available to the Council, we agree MMs as detailed in EX187 which identify Castle Green as a broad location for the development of up to 21 pitches towards the end of the Local Plan period is necessary for soundness.

---

<sup>3</sup> Summarised in EX187.

<sup>4</sup> Choats Road and Collier Row Road.

<sup>5</sup> EX86-EX92

14. Whilst the evidence<sup>6</sup> shows the Eastbrookend Country Park site can deliver up to 12 pitches within the first five years of the Local Plan period, this would still not meet the requirement for 22 pitches over the five-year period. However, even though the Council's approach would not be consistent with relevant national policy, the evidence shows they have done all that they can to try and address the matter at this time. To revisit the work again now would delay the delivery of the Local Plan as a whole. The Council has committed to an early review of the Local Plan policies for gypsy and traveller accommodation<sup>7</sup> and overall, in light of the bespoke local circumstances, pragmatically, we are satisfied that subject to the MMs proposed in EX187 the Council's approach to this matter can be found sound.

### **Green Belt**

15. Following the submission of the Local Plan, the Council has undertaken a review of its Green Belt<sup>8</sup>. The lack of supply and any preferable alternative sites for gypsy and traveller accommodation provides the exceptional circumstances necessary to justify the release of the Eastbrookend Country Park site from the Green Belt as evidenced by EX93. However, exceptional circumstances have not been demonstrated to justify the release of land from the Green Belt for any other form of development. Therefore, housing site allocations BA (Collier Row Ecogrove (Wellgate Farm)) and site XO (Lodge Avenue) which are within the Green Belt are not justified and MMs are therefore necessary to delete them from the Local Plan.

### **Next Steps**

16. The Council is now invited to prepare an updated comprehensive set of proposed MMs for our consideration prior to publication, based on, but not limited to the outline of MMs appended to this letter. The agreed modifications will need to be subject to Sustainability Appraisal and Habitats Regulation Assessment and published for consultation. The documents should also be accompanied by a schedule of any necessary changes to the Policies Map. If the Council intends to make additional/minor modifications to the Local Plan on adoption, those should be published in a separate consultation document to the MMs to avoid confusion.
17. Our report on the examination will set out conclusions on the main issues discussed at the hearing sessions, taking account of any consultation responses on the proposed MMs.
18. It would be appreciated if you could confirm if the Council is content to proceed on the basis outlined in this letter. Please note that we are not expecting to receive or accept comments from any other parties on the contents of this letter.

---

<sup>6</sup> Including EX90 and EX187

<sup>7</sup> Local Development Scheme December 2023 (EX184)

<sup>8</sup> EX82-EX85

19. In producing the updated set of proposed MMs, the Council is requested to liaise with the Programme Officer regarding projected timescales. A copy of this letter should be placed on the Council's website and made available on request. We hope you will find this letter helpful. Should you require any further advice please do not hesitate to contact us via the Programme Officer. We look forward to hearing from you shortly.

Yours sincerely

*L Fleming & G Davies*

INSPECTORS

## **APPENDIX 1: Outline of Main Modifications**

### **Introduction**

The Council is requested to prepare a new schedule of MMs based on EX164 and the bullet points below. The references to “PMM1, PMM2 and so on” directly relate to EX164 although the final wording of any MMs may vary subject to our review of the final MMs schedule as a whole.

However, whilst it has been helpful to see each detailed individual proposed change a single modification is now required for each policy, with a single ref i.e. MM1 for all bullet points under each policy. Each single modification may incorporate a number of specific amendments to a policy and/or associated justification text.

As in EX164, MMs should be shown clearly using the conventions of underlined for new text and strikethrough for deleted text, using the text from the Local Plan as the basis. Where large sections of text are to be deleted this can be referred to as “delete para XX” or “delete para XX and replace with...”. However, it must be absolutely clear which text is to be deleted.

The schedule of proposed MMs should contain three columns:

- Main modification ref. e.g. MM1, MM2 etc.
- Policy/para ref and page number
- Proposed main modification

### **Outline of Main Modifications**

#### **Front Cover, Contents and Chapter 1: Our Vision and Objectives**

- Amend broadly as per PMM1 – PMM2 and combine into a single MM.
- Add justification text to page 7 to clarify the objectives in line with examination documents (EX185 - EX189) if not addressed through the following modifications.
- Add further justification text to clarify the relationship between the objectives and the Local Plan policies if not addressed through the following modifications.

#### **Chapter 2: Introduction**

- Amend broadly as per PMM3 – PMM6 and combine into a single MM.
- Adjust PMM3 to clarify the relationship between C1 and C2.
- Amend Figure 1 removing reference to Appendix 5 and picking up any other consequential changes.

#### **Policy SPDG1:**

- Amend broadly as per PMM7 – PMM11 and combine into a single MM.
- Modify policy and justification text to clarify the London Plan requirement is the minimum housing requirement over the Local Plan period but the supply

indicates more can be delivered with reference to the trajectory in line with the conclusions of EX188 cross referencing Policy SP3.

- Explicitly make clear what the employment land requirement is and how this relates to the 20,000 jobs cross referencing Policies SP5 and DME1 in line with the conclusions of EX189.

**Policy SPP1:**

- Amend broadly as per PMM12 – PMM25 and combine into a single MM.
- Adjust PMM15 – reword section 3 to indicate tall buildings of up to 95m could be appropriate in the tall buildings location shown on the Policies Map.
- Amend PMM20 to refer to criterion 6.h) (rather than 4.h)).
- Adjust PMM19 deleting “where possible” and “a designated” and “ancient”.
- Adjust PMM24 and PMM25 to “have regard to” SPDs.

**Policy SPP2:**

- Amend broadly as per PMM26 – PMM49 and combine into a single MM.
- Check the wording of the footnote in PMM34 with regard to the final structure of examination document C2 as modified.
- Adjust PMM40 to refer to a bridge and not bridges.
- Amend detailed wording in PMM43 to justify why and how a gypsy and traveller site could be accommodated at Castle Green in line with EX187.
- Adjust PMM49 to “have regard to” SPDs.

**Policy SPP3:**

- Amend broadly as per PMM50 – PMM59 and combine into a single MM.
- Amend PMM55 to accurately show exact wording changes proposed to the submission version of the Local Plan.
- Set out the approach to Beam Park Station in justification text.
- Update position with regard to the City of London Markets in justification text and ensure consistency with policy wording.
- Delete section 4.j) as set out in EX186.

**Policy SPP4:**

- Amend broadly as per PMM60 – PMM70 and combine into a single MM.
- Adjust PMM63 to include an explanation of what information will be necessary to assess and demonstrate the delivery of comprehensive development will not be undermined.
- Adjust PMM67 to remove all reference to site BA – Collier Row Ecogrove (Wellgate Farm) and make any necessary consequential modifications.
- Adjust PMM68 to “have regard to” SPDs.

**Policy SPP5:**

- Amend broadly as per PMM71 – PMM80 and combine into a single MM.
- PMM71 - modify Figure 14 to remove DM – Dagenham Heathway Shopping Centre.
- Check and if necessary correct total employment floorspace figure in section 3 following move of DM – Dagenham Heathway Shopping Centre to SPP6.

- PMM78 – amend reference to building heights to distinguish southern part (in London Riverside Opportunity Area) from the remainder of the area.

**Policy SPP6:**

- Amend broadly as per PMM81 – PMM95 and combine into a single MM.
- PMM87 – amend to clarify maximum building heights within proposed tall building location as well as outside it.
- Adjust PMM88 to remove reference to site XO – Lodge Avenue as the allocation is not justified. PMM330 is also not accepted and make any necessary consequential modifications.
- Adjust PMM95 to “have regard to” SPDs.

**Policy SPP7:**

- Amend broadly as per PMM96 – PMM106 and combine into a single MM.
- Amend justification to acknowledge the provision of a gypsy and traveller site in this area in line with the conclusions of EX187.

**Chapter 4: Design**

- Amend broadly as per PMM107.
- Add justification text (see Policies DMD2 and DMD5 below).

**Policy SP2:**

- Amend broadly as per PMM108 – PMM112 and combine into a single MM.
- PMM110 – expand the term ‘circular economy’ to provide further explanation.

**Policy DMD1:**

- Amend broadly as per PMM113 – PMM117 and combine into a single MM.
- Amend PMM114 to be in addition to, rather than replacement of paragraph 2.f).

**Policy DMD2:**

- Amend broadly as per PMM118 – PMM120 and combine into a single MM adjusting as follows.
- PMM120 – first paragraph beginning with ‘The Council has ambitious....’ should be part of the justification text at the start of the chapter.
- Add further justification text to clarify that while 95m is maximum in the proposed tall buildings location in SPP1, lesser maximum heights may be preferable in design terms on the edge of a town centre.
- PMM120 – amend paragraph 1 in line with the intention to use the London Plan definition of a tall building, i.e., the default is not less than 6 storeys or 18 metres measured from ground to the floor level of the uppermost storey.
- PMM120 – amend paragraph 1 to refer to ‘Proposed Tall Building Locations as shown on the Policies Map’. In list of area specific policies, SPP7 does not contain any Tall Building locations.
- Replace Figure 20 with the illustrative Figure 20 included in the Tall Buildings Note (EX179).
-

**Policy DMD3:**

- Delete PMM121 as it is unnecessary.
- Amend through justification text to make clear what town centres are for the purposes of this policy and make clear that this policy is only concerned with development within town centres.

**Policy DMD4:**

- Amend broadly as per PMM122 – PMM125 and combine into a single MM.

**Policy DMD5:**

- Consider whether this Policy is effective in light of other main modifications and delete accordingly or amend broadly as per PMM126 providing additional justification text to explain the purpose of the local views and their relevance to development proposals in proximity to specified views.

**Policy DMD6:**

- Amend broadly as per PMM127 but also adjust policy wording to make clear all elements of the policy apply to both householder extensions and alterations.

**Policy DMD7:**

- Amend broadly as per PMM107, PMM128 & PMM129 and combine into a single MM.

**Chapter 5: Housing**

- Replace last bullet point in paragraph 5.1 with the revised justification text broadly as set out in EX187.

**Policy SP3:**

- Amend broadly as per PMM130 – PMM132 and combine into a single MM.
- Amend justification and policy text in line with MMs to Policy SPDG1 to clarify the minimum housing requirement overall and for each year of the Local Plan period broadly in line with EX188.
- Amend section 2.e) and insert new section 2.f) as set out in EX187.

**Policy DMH1:**

- Amend broadly as per PMM133 and EX188.
- Add justification text broadly in line with EX188.

**Policy DMH2:**

- Amend broadly as per PMM134 but adjust to replace “consideration” with “having regard to”.
- Add justification text broadly in line with EX188.

**Policy DMH3:**

- Amend broadly as per PMM135 – PMM137 and combine into a single MM subject to the modifications to Policy SP3.
- Add justification text broadly in line with EX188.

**Policy DMH4:**

- Amend broadly as per PMM138 – PMM141 and combine into a single MM.
- Add justification text broadly in line with EX188.

**Policy DMH5:**

- Amend broadly as per PMM142 – PMM144 and combine into a single MM.
- Add justification text broadly in line with EX188.

**Policy DMH6:**

- Amend broadly as set out in EX187, which supersedes PMM145 – PMM146.
- Amend 3.f) as per PMM147.
- Amend Table 1 as set out in EX187.
- Replace illustrative Figure 24 with a new map as indicated in EX187.
- Combine the above into a single MM.

**Policy SP4:**

- Amend broadly as per PMM149 – PMM151 and combine with the following into a single MM.
- PMM150 – amend to replace ‘must meet’ with ‘have regard to’.

**Policy DMS1:**

- Amend broadly as per PMM152 – PMM153 and combine with the following into a single MM.
- Delete section 5 of the policy.

**Policy DMS2:**

- Amend broadly as per PMM154 and combine with the following into a single MM.
- Add justification text to explain how need for new facilities will be calculated.

**Policy DMS3:**

- Amend broadly as per PMM155 and combine with the following into a single MM.
- Amend to clarify that ‘protection’ means ‘resist the change of use’ from a drinking establishment to an alternative use.

**Policy SP5:**

- Amend broadly as per PMM156 – PMM161 and combine into a single MM.
- Adjust PMM158 to make clear additional demand is over the Local Plan period.
- Adjust PMM159 to make clear that proposals for new offices will be primarily directed towards locations within Barking Town Centre, thereafter within District Centres followed by Neighbourhood Centres.
- Adjust PMM161 to make clear that Figure 26 forms part of the justification text of the Local Plan and not policy.
- Amend policy and add justification text broadly in line with EX189.

**Policy DME1:**

- Amend broadly as per PMM162 – PMM165 and combine into a single MM.
- Adjust PMM162 and PMM165 to ensure proposals “have regard to” the relevant SPDs.
- Amend policy and add justification text broadly in line with EX189.
- Adjust PMM165 to make clear which elements of Policy DME1 as proposed to be modified apply to LSIS, which apply to SIL and which apply to both. Furthermore, remove unnecessary repetition e.g. “Applicants must clearly demonstrate that the proposal” and ensure every single proposed word change from that detailed in the submission Local Plan is clearly identified in the appropriate way.
- Adjust the Table in PMM165 to reflect the changes to the SIL boundary detailed above. Check the correct designation of all locations in the table alongside the submission Policies Map.

**Policy DME2:**

- Add text to policy or justification text to clarify whether the 1000 sqm threshold is net or gross.
- Add text to policy or justification text to clarify what the Council means by feasible. Explain what information a developer is expected to provide to demonstrate it is “not feasible”.

**Policy DME3:**

- Amend broadly as per PMM166 – PMM169 and combine into a single MM.
- Adjust PMM169 to ensure the proposals are only required to mitigate their impact.

**Policy DME4:**

- Amend criteria 1 to “Proposals for new visitor accommodation will be supported where they accord with Policy DME3 and meet the following criteria:”

**Policy DME5:**

- Amend broadly as per PMM170.

**Policy SP6:**

- Amend broadly as per PMM171 – PMM172 and the following and combine into a single MM.
- Amend sections 1.a) and 1.b) broadly as set out in EX187.

**Policy DMNE1:**

- Amend broadly as per PMM173 – PMM178 and the following and combine into a single MM.
- PMM174 – Delete reference to ‘designated sites, areas and green space’ and replace with ‘Green Belt and Metropolitan Open Land’.
- Include ‘and’ or ‘or’ after criteria in section 6 as appropriate.
- PM177 – delete ‘informal’.

- Delete “Large” from paragraph 7.

**Policy DMNE2:**

- Amend broadly as per PMM179.

**Policy DMNE3:**

- Amend broadly as per PMM180 – PMM182 and combine into a single MM.

**Policy DMNE4:**

- Amend broadly as per PMM183 – PMM184 and combine into a single MM.
- Amend to clarify what recommendations are being referred to in section 2.c) and what matters a development would need to take into account.

**Policy DMNE5:**

- Section 1 – add ‘as defined in section 2 below’ after ‘vegetation of value’ and delete last sentence in section 1.

**Policy DMNE6**

- Amend broadly as per PMM185 and the following:
- In ‘Existing Allotments’ section add ‘and of a comparable quality’ at the end of the sentence.

**Chapter 9: Sustainable Infrastructure**

- Amend section 9.1 and add additional justification text as set out in EX186.

**Policy SP7:**

- Amend broadly as per PMM186 – PMM187 and combine into a single MM.

**Policy DMSI 1:**

- Amend broadly as per PMM188 – PMM189 and the following and combine into a single MM.
- PMM189 – replace “should with ‘is strongly encouraged to’ as set out in EX186.

**Policy DMSI 2:**

- Amend broadly as per PMM190 – PMM191 and the following and combine into a single MM.
- Amend section 4 by deletion of criterion c).
- Adjust PMM191 broadly in line with EX186.

**Policy DMSI 3:**

- Substitute revised wording set out in EX186 in place of PMM192 as a single MM.

**Policy DMSI 4:**

- Amend broadly as per PMM193 – PMM196 and the following and combine into a single MM.

- Substitute the revised wording as set out in EX186 for sections 1-4 of the policy in place of the second part of PMM193, PMM195 and PMM196.

**Policy DMSI 5:**

- Amend broadly as per PMM197 and the following and combine into a single MM.
- Amend section 3 as set out in EX186.

**Policy DMSI 6:**

- Amend broadly as per PMM198 and PMM200 and the following and combine into a single MM.
- Substitute the wording for sections 2-3 from EX186 in place of PMM199, but stop section 3 after the first sentence (i.e.: omit references to table 2 of the PPG and Annex 3 of the current NPPF).
- Amend sections 6.b) and 6.c) as set out in EX186.

**Policy DMSI 7:**

- Amend broadly as per PMM201 and the following and combine into a single MM.
- Amend sections 5-7, including replacement of PMM202, with the text set out in EX186.

**Policy DMSI 8:**

- Amend broadly as per PMM203 and the following and combine into a single MM.
- Delete section 2 and move to introduction as justification text.

**Policy DMSI 9:**

- Amend broadly as set out in EX186 and incorporate the additional wording in PMM204 in the proposed section 1.d).

**Chapter 10: Transport**

- Amend broadly as per PMM205 and amend and add text to justification as set out in EX186 to form a single MM. This text supersedes PMM206.
- Include amended text and illustrative Figure from SP8 (PMM207 and PM211). Make clear replacement Figure 27 is illustrative and forms part of the justification text and not the policy.

**Policy SP8:**

- Amend broadly as per PMM207 – PMM211 and combine into a single MM.

**Policy DMT2:**

- Amend broadly as per PMM212 – PMM215 and combine into a single MM.

**Policy DMT3:**

- Amend broadly as per PMM216.

**Policy DMT4:**

- No MMs necessary.

**Policy SP9:**

- Amend broadly as per PMM217.

**Policy DMM1:**

- Amend broadly as per PMM218 – PMM219 and combine into a single MM.
- Delete reference to CIL payments in PM218.
- Modify wording of section 1 to clarify that the list of criteria is open not closed.

**Appendices**

- Appendix 1 – amend text to explicitly make clear which policies are being replaced by each specific policy in the Local Plan.
- Delete Appendix 2 as per PMM220.
- Replace Appendix 3 as per PMM221 and combine with the following to form one MM - amend KPI 16 to provide separate BNG and UGF KPIs; and add KPI for delivery of Gypsy and Traveller pitches.
- Replace Appendix 4 Housing Trajectory with a new Housing Trajectory based on EX188.
- Replace Appendix 5 as per PMM222 - PMM223 and combine into a single MM.

**Glossary**

- Amend broadly as per PMM224 – PMM226 and combine into a single MM.

**C2: Proposed Site Allocations**

General Points applicable to all Proformas

- Make clear this is an Appendix to the Local Plan, reorder existing Appendices and the contents page accordingly. Check and amend all references to it in the Local Plan to ensure consistency.
- Add a new box which gives the Local Plan sub area and references either Policies SPP1 – SPP7
- In light of MMs which add a more detailed trajectory, remove boxes from all sites which say 0-5, 6-10 and 11+.
- Amend second box title on all proformas to “Development Requirements”.
- Check wording and amend where necessary all wording on site proformas as follows:
  - Standard requirements such as “Development must preserve and enhance the character of the Conservation Area” – Amend to “Development must preserve or enhance the character or appearance of the Conservation Area”.
  - “Scheduled Ancient Monument”, amend to “Scheduled Monument”.
  - When referring to listed buildings amend to “preserve or enhance” not just enhance.

## Examination of the Barking and Dagenham Local Plan 2037

- “To comply with the TE2100 Plan”, amend to “having regard to the TE2100 Plan”.
- Delete the clause on all proformas which reads “The development should be built to secure by design standards enhancing safety and security”.
- Delete standard phrase “Development should optimise density” on all relevant sites.
- Amend all site proformas in line with EX185 - EX189 where necessary.

**END**
